

September 27, 2018

Dear Parents,

Fort Scott Middle School will be providing **free** dental screening to all students enrolled in grades 6-8. The Community Health Center of Southeast Kansas Dental Clinic will provide the screening at your child's school. Your child's oral health is an important part of their learning and we are pleased to be able to provide this service. The screening is free and will only take a few minutes to complete. You will receive notification of the screening results following the screening date. **Note:** This screening should not replace your regular exam by your dentist; you are encouraged to see your dentist at least once a year.

Your child's screening will be on **Friday, October 12, 2018**

If you do **not** want your child to participate, please contact Pam Brown at 620-223-3262. *Your child will be screened unless parents provide documentation signed by a dentist within the past year.*

Thank you for your attention to and your participation in your child's oral health.

Sincerely,

Pam Brown RN
School Nurse

Student Name _____ Grade _____

I **do not** give permission for my child to participate in the school dental screening.
By opting out, I will provide the school with documentation signed by a dentist of a dental exam within the past year.
